Subject: Dates EPA sent comments on USGS SAP

Ayn,

According to my email records, we sent our comments on the original draft of the USGS SAP (first copy) on 06 March 2012. We then sent comments on the revised SAP on 10 April 2012 (and these comments were resent on 12 April 2012). In addition we provided input on multiple conference calls in February and March, at the face-to-face meeting in mid-March, and on follow-up calls in April.
